Who: The Network was created so students could keep in touch after the camp is over, so parents can check in and see how camp is going, to encourage future students to attend camp, and to connect the community to Capital AHEC.

What: The Social Network is similar to an online community. Capital AHEC created this site on Ning.com in order to connect with students, parents, community members, and sponsors. The site will continue to remain up even after the camp is over so students can see photos, videos, and stay in touch.

When: Sign up today! The site is already full of pictures and videos from last year's camp. There are a few deadlines posted for this year. You can also start meeting other students who are attending the camp. In order to receive deadlines and to get daily camp updates, parents are encouraged to sign up also.

Where: The web address for the site is capitalaheccamp.ning.com.

How: To join the network simply log-on to the website and click the "Sign Up" link in the top right hand corner of the page. Once you have signed up you can update your profile and add a picture. If you have any problems logging on please contact Ashley King at aking@capitalahec.org.
